

LEAK POLICY FOR THE ELROY WATER & WASTEWATER UTILITY

- **One time** leak rebate with written proof of leak by customer/user
- Customer/user will be billed **normal water rate** for average consumption (based on previous three readings)
- If no history is available 3000 gallons of water will be used as average
- The remainder of water usage (total gallons – average) will be billed at lowest rate
- Sewer will be charged on 25% of total gallons used
- Record of this **one time** rebate will be kept by the Utility Clerk
- Rebate must be claimed during current billing cycle or before next bill is issued
