PUBLIC BENEFITS FEE

Customer Charge: \$1.33 per month

Under a provision of the 1999 Wisconsin Act 9, a municipal electric utility shall charge each customer a public benefits fee. The public benefits fees collected by the utility shall be considered trust funds of the Department of Administration and not income of the utility. Elroy Electric Utility has elected to participate in the state Focus on Energy Program to support energy efficiency and low income programs. You are welcome to provide a voluntary contribution to the state Focus on Energy programs. If you wish to make a voluntary contribution, please send us a letter stating the amount of such contribution and to which program (the state's program for low-income efforts, non-low income efforts, or both) you would like your contribution applied. Contributions can be sent to Carole Brown, City of Elroy, 1717 Omaha Main St., Elroy, WI 53929. For more information visit www.focusonenergy.com or call 1-800-762-7077.

Your Rights as a Residential Gas and Electric Utility Customer

How can the PSC help?

Prior to contacting the PSC, contact your utility company to try to resolve the problem. If you cannot resolve the problem with your utility company, you may contact the PSC Consumer Affairs Division at 608-266-2001, 1-800-225-7729, or on the web at: <http://psc.wi.gov/consumerInfo/complaints/index-complaints.htm>. A staff member will obtain information from you and the utility company, and try to resolve the issue.

Moving?

If you are planning to buy a home or rent a new apartment, contact your utility for an estimate of the energy costs at the new address. It can provide you with an average of how much energy was used at the new address or the largest and smallest bills during the last 12 months.

Service Disconnection or Refusal

Utility services can be disconnected if you:

- Fail to pay your utility bill
- Fail to comply with a deferred payment agreement
- Tamper with your meter, i.e., self reconnection
- Fail to pay a properly assessed deposit
- Have a safety hazard, i.e., exposed wires, meter socket damage
- Live at an address where the prior customer failed to pay his or her utility bill and continues to reside at that address.
- Fail to provide the utility access to your meter or other utility equipment A utility must send you a notice before your service is disconnected unless the disconnection is due to a safety hazard or self-reconnection. The disconnection notice must clearly state the reasons for the disconnection, when the disconnection can happen, and how to contact your utility to try to resolve the issue. The dispute procedures must be printed on the disconnection notice.

Both you and the utility company must make reasonable attempts to work together to resolve the problem.

Deposits

Utility companies may require a deposit for service to ensure payment. A standard deposit cannot exceed the sum of the two largest consecutive bills during the last twelve months. A deposit requested due to non-payment during the winter months cannot exceed the four highest consecutive bills during the last twelve months. The following rules apply to payment and refund of deposits:

- **Existing Residential Service:** A standard deposit can be requested if your service was disconnected during the last 12 months for nonpayment of an undisputed account or your initial application was falsified or incomplete. A winter non-payment deposit can be required if you had debt incurred during the winter that was 80 days or more past due and you had the ability to pay.
- **New Residential Service:** A deposit can be requested if you have an unpaid bill for the same type of service anywhere in Wisconsin during the last six years which remains undisputed. A deposit can also be required if there is good reason to believe that you do not intend to, or will be unable to pay your bills at the time payment is due.

For residential service, the deposit will be refunded, with interest, after 12 consecutive months of prompt payment. You do not have to post a deposit if you can document that your income is at or below 200 percent of the federal poverty guidelines.

Budget Payment, Installment Plans and

Medical Emergencies

To manage high winter gas bills or high summer electric bills, ask your utility about budget billing payment plans. This allows you to average estimated annual use into even monthly payments. Every six months, your payment amount is adjusted to reflect your actual use. At the end of a budget year, your bill is adjusted to correct over-billing or under-billing. You may use installment plans to pay what you owe your utility. They can be used for both current bills and overdue bills. A down payment and installment payments will be negotiated between you and your utility depending on your situation. If the agreed installment payments are not paid, the utility may disconnect your service. If the disconnection will aggravate a medical or protective services emergency, the utility will delay service disconnection for up to 21 days. The utility may require documentation from a professional involved with the medical emergency or crisis.

Winter Disconnection Rules

If the utility service provides or affects the primary heat source to your home, a utility cannot disconnect service from November 1 through April 15. Before winter, the utility must attempt to contact customers whose service was disconnected for non-payment. Utilities are also required to check the customer's well-being, attempt to negotiate payment plans, and inform the customer about any special assistance available to avoid disconnection.

Meter Readings

If the utility cannot read your meter, you will get an estimated bill. Estimated usage is determined based on historical usage at the residence and weather patterns. To avoid estimated readings, you can read your own meter. The PSC requires utilities to read your meter at least once every six months and when there is a change of customer. You must allow these readings or your service can be disconnected. Deposits

Utility companies may require a deposit for service to ensure payment. The maximum deposit for a new or existing residential account shall not exceed the highest gross bill for any consecutive billing period (not to exceed 4 months) selected by the utility. The following rules apply to payment and refund of deposits

- **Existing Residential Service:** A deposit can be requested if your service was disconnected during the last 12 months for nonpayment of an undisputed account or your initial application was falsified or incomplete.
- **New Residential Service:** A deposit can be requested if you incurred an unpaid gas, electric, water, or sewer utility anywhere in Wisconsin during the last six years which remains undisputed. A deposit can also be required if there is good reason to believe that you do not intend to, or will be unable to pay your bills at the time payment is due. You may use installment plans to pay what you owe your utility. They can be used for both current bills and overdue bills. A down payment and installment payments will be negotiated between you and your utility depending on your situation. If the agreed installment plans are not paid, the utility may disconnect your service. If there is a medical emergency or other crisis that prohibits you from making your payment, the utility may delay service disconnection for up to 21 days. The utility may require documentation from a professional involved with the medical emergency or crisis.

Delinquent Bills Levied as a Tax

Delinquent municipal utility bills may be levied as a tax.

Meter Readings

If the utility cannot read your meter, you will get an estimated bill. To avoid estimated readings, you can read your own meter. The PSC requires utilities to make a reasonable effort to read your meter every four months if you are billed monthly or bimonthly, or every nine months if you are billed quarterly or less frequently, and when there is a change of customer. You must allow these readings or your service can be disconnected. Are you registered to vote?

If you answered yes to this question, but are not registered to vote in Elroy, you simply need to fill out a new voter registration application. You will need to indicate that you have had a change of address and also indicate your previous address so that your name can be added to Elroy's poll book and removed from the poll book of the community you moved from. You will need to show proof of residency such as a driver's license or a utility bill that shows your Elroy address to complete the application. You may save time by filling this form out ahead of time at City Hall or you can wait and fill it out at the polling place on Election Day.

*** Notice:** You will need to fill out a new voter registration application if you have changed your name since the last election. You will also have to fill out a new voter registration application if you have moved from one house in Elroy to another. This is because you may have moved to a different ward within the city and this would affect what ballots you would receive in some elections.

Would you like to vote at the next election but are not registered to vote?

All you have to do is fill out a voter registration application. You will need to show proof of residency such as a driver's license or a utility bill that shows your current Elroy address. You may save time by filling this form out ahead of time at City Hall or you can wait and fill it out at the polling place on Election Day.

*Please note that you have to live in a municipality for 10 days before you can vote in that municipality.

*By completing this form before Election Day your name will already be on the poll books when you show up to vote on Election Day which will save you and the election workers time.

****Attention Dog and Cat Owners****

Please remember that all dogs and cats in the City of Elroy must be licensed. To avoid paying a \$10.00 late fee, all dogs and cats must be licensed by April 1st. To license your dog or cat you need to bring in the current certificate of vaccination from your veterinarian. (Rabies vaccinations are required for any dog or cat over 4 months of age.) You will also need to show proof of \$100,000 liability insurance. If the owner of the property where the animal is kept is not the owner of the animal, the property owner must give written permission to the animal owner to keep this animal, and the property owner must show proof of liability insurance in the same amount required as the owner of the animal. The cost of a license is \$10.00 for a dog or cat that is not spayed or neutered and \$5.00 for a dog or cat that is spayed or neutered. Also, no person or family shall own, harbor, or keep more than two dogs and two cats except for a litter of puppies or kittens, which may be kept for no more than ten weeks from their birth. Owners having three dogs and cats registered with the City of Elroy before June 20, 2002, may continue to keep such animals. However, animals exceeding the prescribed limits shall not be replaced. Authorized kennels are also exempt from this limit.

(b) **Multiple Dog Licenses.**

1. Any person who wishes to keep more than 2 dogs over 5 months of age shall, instead of the license tax for each dog required by this Chapter, apply for multiple dog license
 - (a) Such person shall pay for the license year \$100 One Hundred Dollars for a Multiple License for three (3) dogs and an additional \$10.00 for each dog in excess of three.
 - (b) Upon payment of the required license tax herein, presentation of evidence that all dogs over five (5) months of age are currently immunized against rabies, receipt of a satisfactory inspection required under paragraph 5 herein, presentation of liability insurance covering said dogs, in accordance with Section 7-1-3(a)(5), and after public hearing and approval by the Common Council the City Administrator shall issue the multiple license and a number of tags equal to the number of dogs authorized to be kept in the kennel. The license tax may be adjusted annually by the Common Council by Resolution.
 - (c) Licenses issued under Section 7-1-3(b) may only be located in residential areas and a license may only be issued following a public hearing and approval by the Common Council; the Common Council may attach conditions to such approval as a conditional use under the City's Zoning Code. At the public hearing the Common Council shall consider:
 1. The proposed location of a kennel if required at the time of issuance of the license
 2. Construction plans,
 3. Comments and concerns of neighbors
 4. The recommendation of the official designated by the City to investigate multiple license applications
2. The owner or keeper shall keep at all times a license tag attached to the collar of each dog over five (5) months old kept by the owner or keeper under a multiple dog license but this requirement does not apply to a show dog during competition. The rabies vaccination tag or substitute tag shall remain attached to the dog for which it is issued at all times but this requirement does not apply to a show dog during competition.
3. A condition of a multiple dog license shall be that the licensed premises shall be entered and inspected prior to the issuance of the license and thereafter, at any reasonable hour by appropriate City official or their agents, without any warrant, and the application for a license hereunder shall be deemed a consent to this provision. Any refusal to permit such inspection shall automatically operate as a revocation of any license issued hereunder and shall be deemed a violation of this Section. Should any kennel, if required, not meet the requirements for licensing and operation under this paragraph or other parts of this Ordinance, the official designated by the City shall certify such fact to the City Clerk and a notice shall be served on the licensee and order the same to be remedied within ten (10) days. Failure to comply with the order by the expiration of ten (10) days will cause immediate revocation of the license and the license will be subject to prosecution under the penalty provision of this ordinance.

4. **Construction of Kennel.** A kennel shall provide shelter of suitable size to accommodate the number of dogs permitted. The facilities shall be structurally sound and maintained in good repair to protect and contain the dogs. Either a foundation or other barrier shall be constructed to prevent dogs from digging out of said kennel. An official designated by the City of Elroy shall provide the City with a written certification that the kennel and enclosure are acceptable as prescribed by law.
5. Kennels shall be operated in accordance with the following requirements:
 - (a) All animals shall be maintained in a healthy condition, or, if ill, shall be given appropriate treatment immediately.
 - (b) The quarters in which the animals are kept shall be maintained in a clean condition and in a good state of repair.
 - (c) Animal pens or enclosures shall be large enough to provide freedom of movement to the animals contained therein.
 - (d) Food supplies shall be stored in rodent proof containers, and food and water containers shall be kept clean.
 - (e) Litter and/or bedding materials shall be changed as often as necessary to prevent an odor nuisance.
 - (f) Feces shall be removed from yards, pens and enclosures daily and stored in tightly covered and appropriate containers until final disposal.
 - (g) Yards, pens, premises and animals shall be kept free of insect infestations.
 - (h) No odor nuisances shall be permitted.

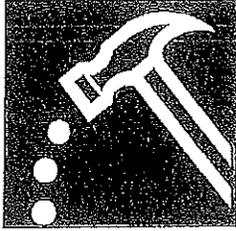

(c) **Kennel Licenses.**

1. Any person who keeps or operates a commercial kennel may, instead of the license tax for each dog required by this Chapter, apply for kennel license for the keeping or operating of the kennel.
 - (a) Such person shall pay for the license year \$100 One Hundred Dollars for a Kennel License for three (3) dogs and an additional \$10.00 for each dog in excess of three.
 - (b) Upon payment of the required kennel license tax, presentation of evidence that all dogs over five (5) months of age are currently immunized against rabies, receipt of a satisfactory inspection required under paragraph 5 herein, presentation of liability insurance covering said dogs, in accordance with Section 7-1-3(a)(5), and after public hearing and approval by the Common Council the City Administrator shall issue the kennel license and a number of tags equal to the number of dogs authorized to be kept in the kennel. The license tax may be adjusted annually by the Common Council by Resolution.
- (c) Kennels may only be located in commercial, industrial or agricultural areas and a license may only be issued following a public hearing and approval by the Common Council; the Common Council may attach conditions to such approval as a conditional use under the City's Zoning Code. At the public hearing the Common Council shall consider:
 1. The proposed location of the kennel
 2. Construction plans,

Licensing of Dogs and Cats; Regulation of Animals

7-1-3

3. Comments and concerns of neighbors
 4. The recommendation of the official designated by the City to investigate kennel license applications.
2. The owner or keeper of a kennel shall keep at all times a kennel license tag attached to the collar of each dog over five (5) months old kept by the owner or keeper under a kennel license but this requirement does not apply to a show dog during competition, to a dog securely confined indoors or to a dog securely confined in a fenced area. These tags may be transferred from one dog to another within the kennel whenever any dog is removed from the kennel. The rabies vaccination tag or substitute tag shall remain attached to the dog for which it is issued at all times but this requirement does not apply to a show dog during competition, to dog securely confined indoors or to a dog securely confined in a fenced area. No dog bearing a kennel tag shall be permitted to stray or to be taken anywhere outside the limits of the kennel unless the dog is on a leash or temporarily for the purposes of hunting, breeding, training or competition.
 3. A condition of a kennel license shall be that the licensed premises shall be entered and inspected prior to the issuance of the license and thereafter, at any reasonable hour by appropriate City official or their agents, without any warrant, and the application for a license hereunder shall be deemed a consent to this provision. Any refusal to permit such inspection shall automatically operate as a revocation of any license issued hereunder and shall be deemed a violation of this Section. Should any kennel not meet the requirements for licensing and operation under this paragraph or other parts of this Ordinance, the official designated by the City shall certify such fact to the City Clerk and a notice shall be served on the licensee and order the same to be remedied within ten (10) days. Failure to comply with the order by the expiration of ten (10) days will cause immediate revocation of the license and the license will be subject to prosecution under the penalty provision of this ordinance.
 4. Construction of Kennel. A kennel shall provide shelter of suitable size to accommodate the number of dogs permitted. The facilities shall be structurally sound and maintained in good repair to protect and contain the dogs. Either a foundation or other barrier shall be constructed to prevent dogs from digging out of said kennel. An official designated by the City of Elroy shall provide the City with a written certification that the kennel and enclosure are acceptable as prescribed by law.
 5. Kennels shall be operated in accordance with the following requirements:
 - (a) All animals shall be maintained in a healthy condition, or, if ill, shall be given appropriate treatment immediately.
 - (b) The quarters in which the animals are kept shall be maintained in a clean condition and in a good state of repair.

The City of Elroy has a Community Development Block Grant for Housing Rehabilitation. The funds will be loaned at 0% interest to eligible households for home repairs. Applications are accepted on a first come first serve basis. There is no cost to fill out an application and all information submitted is strictly confidential.

Funds are available for the following types of projects:

HOMEOWNERS

These funds will be lent to eligible households for home repairs. The loan is a 0% interest, deferred payment loan – you do not pay it back until you sell the house or no longer live there.

LANDLORDS

Installment loans are available for landlords who rent to tenants that are low- to moderate- income. The loan is a 0% interest loan. Loans are provided for rehabilitation costs to rental properties with four units or less and are repaid to the community over a period of 10 years. The owner must agree to rent only to low-to-moderate income tenants for a period of 5 years. Contact the program administrator for more details.

The loan can be used to make the following types of repairs:

Handicap Accessibility
Replace Windows & Doors
Roofing
Heating, Water Heaters & Plumbing
Electrical Upgrades
Connect Water & Sewer Lines
Painting, Siding, Porch Repairs
Other General Improvements

****Eligible work for each project is determined by the initial HQS inspection.****

Some typical questions asked:

- 1. How do I apply?** Applications will be available by calling Sue Koehn at the housing program office at 1-800-552-6330. If needed, program staff will assist you in completing your application.

2. Who is eligible for assistance: The following are the income limits for owners and tenants:

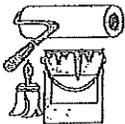

In order to be eligible, your income must be below the following limits for Juneau County:

| Household Size | 1 Person | 2 Person | 3 Person | 4 Person | 5 Person | 6 Person | 7 Person | 8 Person |
|----------------|----------|----------|----------|----------|----------|----------|----------|----------|
| Juneau County | \$35,100 | \$40,100 | \$45,100 | \$50,100 | \$54,150 | \$58,150 | \$62,150 | \$66,150 |

3. Are there any loan fees that apply? Yes. There is a \$50-\$100 fee for a title search, a \$30 fee to record your mortgage and \$475 in project review fees. These fees are included in your loan.

4. Will a lien be placed on my property? Yes, all program participants will have a lien placed on their property in the amount of the loan.

CDBG special notes: If you have a child that is 6 years of age or younger, it is recommended and encouraged that he or she be tested for lead levels in their blood.

State of Wisconsin lead paint requirements: The program requires that we include an evaluation of the paint in your home as part of our project review. If your home was built prior to 1978, the program will require repairs to any deteriorating painted surfaces to reduce lead-based paint hazards. The work associated with lead paint hazard reduction will be included in your project costs and may limit your choice of contractors. It may also increase the price of some repair work.

Only work that is considered essential and necessary will be permitted. All lead-based paint hazards will need to be corrected. Hazards will be determined upon an initial project assessment of your home.

“This publication and/or the activities described herein were funded by the State of Wisconsin, Department of Administration, Division of Housing.”

The community development block grant program is an equal opportunity program. Women and minorities are encouraged to apply.

Sec. 6-1-5 Regulation of Length of Lawn and Grasses.

(a) **Purpose.** This Section is adopted due to the unique nature of the problems associated with lawns, grasses and noxious weeds being allowed to grow to excessive length in the City of Elroy.

(b) **Public Nuisance Declared.** The Common Council finds that lawns, grasses and noxious weeds on non-agricultural lots or parcels of land, as classified under the City Zoning Code, within the City of Elroy which exceed eight (8) inches in length adversely affect the public health and safety of the public in that they tend to emit pollen and other discomforting bits of plants, constitute a fire hazard and a safety hazard in that debris can be hidden in the grass, interferes with the public convenience and adversely affects property values of other land within the City. For that reason, any non-agricultural lawn, grass or weed on a lot or other parcel of land which exceeds eight (8) inches in length is hereby declared to be a public nuisance, except for property located in a designated floodplain area and/or wetland area or agricultural area.

(c) **Nuisances Prohibited.** No person, firm or corporation shall permit any public nuisance as defined in Subsection (b) above to remain on any premises owned or controlled by him/her within the City.

(d) **Inspection.** The Weed Commissioner or his/her designee shall inspect or cause to be inspected all premises and places within the City to determine whether any public nuisance as defined in Subsection (b) above exists.

(e) **Abatement of Nuisance.** Abatement of Nuisance. If the owner or occupant shall fail to cut any lawns as required herein, the Weed Commissioner/City Administrator of the City shall provide ten (10) days written notice by mail to the owner or occupant of any lands upon which grass is growing in violation of this section. If said lawn is not mowed within ten (10) days from the date of said notice the City may proceed to mow or have mowed said lawn to meet the requirements of this section. The cost of said mowing will be assessed as a tax upon the lands upon which said lawn is growing pursuant to the provisions of Sec. 66.96, Wis. Stats. If the owner or occupant further neglects to comply with said notice, then the Weed Commissioner/City Administrator shall mow or have mowed said lawns to comply with this Section and shall include the cost of said mowing and the cost of billing and administrative expenses and shall charge said costs against the property and be collected as a special tax thereon. In addition, any owner or occupant violating this Section shall be subject to a forfeiture as set forth in section 1-1-7.

(f) **Due Process Hearing.** If the owner believes that his/her grasses or weeds are not a nuisance, he/she may request a hearing before the Common Council. The request for said hearing must be made in writing to the City Administrator's office within the ten (10) days set forth in the notice to abate. Upon application for the hearing, the property owner must deposit a Twenty-five Dollar (\$25.00) bond. If a decision is rendered in the property owner's favor, the Twenty-five Dollars (\$25.00) will be returned to the property owner. If the property owner fails to appear for the hearing or if the decision is rendered against the property owner, the deposit shall be forfeited and applied to the cost of City personnel abating the nuisance, if necessary. When a hearing is requested by the owner of the property, a hearing by the Common Council shall be held within seven (7) days from the date of the owner's request. The property in question will not be mowed by the City until such time as the hearing is held by the Common Council. At the hearing, the owner may appear in person or by his/her attorney, may present witnesses in his/her own behalf and

may cross-examine witnesses presented by the City as well as subpoena witnesses for his/her own case. At the close of the hearing, the Common Council shall make its determination in writing specifying its findings, facts, and conclusions. If the Common Council determines that a public nuisance did exist, the Common Council shall order the Weed Commissioner to mow the property in question unless the property has been mowed by the owner within forty-eight (48) hours of the Common Council' decision. If the owner does not abate the nuisance within the described forty-eight (48) hours, the Weed Commissioner shall cause the same nuisance to be abated and cost in excess of the forfeited fee assessed accordingly.

(g) City's Option To Abate Nuisance. In any case where the owner, occupant or person in charge of the property shall fail to cut his/her lawn, grass or weeds as set forth above, then, and in that event, the City may elect to cut said lawn, grass or weeds as follows:

(1) The written notice required in Subsection (e) shall inform said person that in the event of his/her failure to abate the nuisance within the prescribed time, the City shall abate the same and the cost thereof shall be assessed to the property owner as a special charge.

(2) The City shall cut or cause to be cut all grass and weeds from the subject's property and shall charge the expenses of so doing at a rate as established by resolution by the Common Council. The charges shall be set forth in a statement to the City Administrator who, in turn, shall mail the same to the owner, occupant or person in charge of the subject premises. If said statement is not paid in full within thirty (30) days thereafter, the City Administrator shall enter the charges in the tax roll as a special tax against said lot or parcel of land, and the same shall be collected in all respects like other taxes upon real estate, or as provided under Sec. 66.6 15(3)(f), Wis. Stats.

Grass, Leaves and Brush Ordinance

Ordinance 9-3-2

'It is unlawful for any person to deposit, cause or permit to be deposited, placed or parked any vegetation, grass, leaves, foliage, earth, sand, gravel, debris, waste material, foreign substance, construction material, garbage or recyclables upon any street or sidewalk.'

Leaves and brush can be set out curbside by 7 am and will be collected, weather permitting, on the 3rd Friday of each month, April- October. Branches are to be cut and bundled so that one individual can carry them. Bundles should weigh 50 pounds or less

Leaves and grass clippings are to be raked to the terrace between the curb and sidewalk in an orderly fashion. Leaf collection season will begin in late September and end November 30. In areas with no curbs, leaves should be placed at street edge. There will be no grass clipping or other debris collected during leaf collection

These collections are intended to provide residents with a means of disposing of tree, shrub and/or brush trimmings, not as a way of disposing entire trees. Professional services used to cut down large amounts of trees must remove their own materials.

Brush Pickup

Brush, tree limbs and yard waste will be collected every 3rd Friday of each month, April through November (weather permitting). All yard waste should be placed at the curb by 7am on the day of pick-up. These collections are intended to provide a means of disposing of tree, shrub and brush trimmings, not as a mean for disposing of entire trees. Professional and/or hired services used to cut down large amounts of trees must remove their own materials. Materials placed for collection must be bagged, boxed or securely bundled. Each bag, box, or securely tied bundle shall contain material 60 inches in length or less, 6 inches in diameter or less, and weigh 50lbs or less. Any material placed for collection that does not comply with these criteria will not be collected.

Property owners that have material exceeding the above requirements should make appropriate arrangements for special collection; however, the cost of the collection and disposal of this material will be billed to the property owner accordingly. The only exception to this policy will be for any tree or brush, which is damaged by a storm. The City of Elroy will provide the collection and disposal of any storm damage material at no cost to the property owner so long as it is properly placed on the terrace for collection.

If you have brush to dispose of before the scheduled pick up date and you have a way to haul it you can take it to the dump site located behind Hansen's IGA. Please be aware that if this privilege is abused by dumping trash into the dumpsite, access to the dumpsite will no longer be allowed. If you see someone dumping trash at the dumpsite please report it immediately by calling City Hail at 608-462-2400

Snow Removal from Sidewalks

Ordinance

Sec 4-2-7 Snow and Ice Removal.

Owner's Responsibility. Removal from Sidewalks. The owner, occupant, or person in charge of any parcel or lot which fronts upon or adjoins any sidewalk shall keep said sidewalk clear of all snow and ice. In the event of snow accumulating on said sidewalk due to natural means and/or by any other means said sidewalks shall be cleared of all accumulated snow and/or ice within twenty-four (24) hours from the time the snow ceases to accumulate on said sidewalk. In the event that ice has formed on any sidewalk in such a manner that it cannot be removed, the owner, occupant, or person in charge of the parcel or lot which fronts upon or adjoins said sidewalk shall keep the sidewalk sprinkled with sand and/or salt or other de-icer to permit safe travel by pedestrians.

Failure to clear sidewalk of ice and snow, can result in the City clearing the sidewalk with costs charged to the property owner, with a minimum charge of \$200.00
